

WALKER BAY

Genesis & Odyssey Inflatable Boat Warranty Policy

Page 1 of 2

To be covered under the Walker Bay Limited Warranty, you must register your boat within 30 days of purchase.

Warranty Registration can be submitted by you or your Dealer online at: www.walkerbay.com/inflatables/registration/

Warranty Registration extends the limited warranty on your CSM BUOYANCY TUBE MATERIAL or Genesis HIMC HULL, from one year to a total of ten years, and extends the limited warranty on PVC BUOYANCY TUBE MATERIAL from one year to a total of five years. If you do not register, Warranty coverage is limited to one year. Warranty coverage is for defects in materials and workmanship, not from damage that occurs in shipping or from usage. In the event of damage not covered under warranty, consult your insurance carrier.

The Federal Safety Act of 1971 provides for defect notification to the first purchaser. Failure to register your purchase with Walker Bay constitutes waiver of the right to defect notification.

1. BUOYANCY TUBE MATERIAL: CSM LIMITED 10 YEAR WARRANTY / PVC LIMITED 5 YEAR WARRANTY

For determining air retention and serviceability, Walker Bay follows the ABYC (American Boat & Yacht Council) standard H-28 and ISO (International Standards Organization) standard 6185.

The PVC Limited 5 Year Warranty and the first five years of the CSM Limited 10 Year Warranty covers:

- Air retention
- Structural integrity of the tube
- Serviceability
- Seams, Gluing, Welding

During years 6 to 10 the CSM Limited 10 Year Warranty covers:

- Serviceability of the fabric itself, not the seams and other structure.
- If it is determined the CSM fabric is defective and in the event of replacement of inflatable tube, it will be offered at the following discount from the manufacturer's current suggested retail price for the models:

| | | | | | |
|-----------|-----|-----|-----|-----|-----|
| Year: | 6 | 7 | 8 | 9 | 10 |
| Discount: | 50% | 40% | 30% | 20% | 10% |

The buoyancy tube material warranty does not cover:

- Damage from rubbing, bumping or scraping against something
- Damage from hitting objects above or below the water

2. GENESIS HIGH IMPACT MARINE COMPOSITE (HIMC) HULL - LIMITED 10 YEAR WARRANTY

The Genesis HIMC hull is made from a High Impact Marine Composite resin that is injection molded to form a seamless one-piece hull.

The warranty covers:

- Cracking or splitting
- Breaking down of the plastic that renders the hull unusable

The hull warranty does not cover:

- Discoloration or staining
- Effects from barnacles and other marine growth
- Effects from the application of bottom paint
- Damage from shipping, storage, towing, accidents, abuse, misuse, or improper operation
- Damage from hitting, bumping or scraping objects above or below the water
- Boats that have not been assembled, used, and maintained in accordance with the Owner's Safety Manual
- Boats that have been repaired, modified or tampered with by someone other than manufacturer, or authorized depot
- Deformation or damage to hull resulting from not properly supporting the hull or motor
- Failure to rest the HIMC hull on its strong resting points or not supporting motor when storing or trailering can deform or damage the hull over time. When resting the boat on chock, davit or bunk systems use strong points/areas. For more information go to: <http://www.walkerbay.com/inflatables/technical-drawings/>

3. FIBERGLASS HULL – 1 YEAR LIMITED WARRANTY

Fiberglass hulls are warranted for one (1) year against structural defects in materials and workmanship.

This warranty does not include the surface finish.

4. ACCESSORIES – 1 YEAR LIMITED WARRANTY

An accessory is defined as something that can be added to or removed from the boat, such as seats, pump, floorboards, hi-pressure inflatable air floor, D-rings, handles, oars, oarlocks, valve caps, rub rail, transom, etc. For these items we offer a one (1) year limited warranty for defects in materials and workmanship.

Getting Service

It is recommended that you return to your selling dealer for service. It is the sole responsibility of the customer to get the boat to a Walker Bay Dealer for service. Walker Bay will not cover cost of transportation of boat to the dealer.

Walker Bay decides whether to repair or replace a part. Should you decide to upgrade to a new or different part rather than go through the repair, we can work out a pro-rated upgrade for you.

In the event of a possible Warranty Claim, have your boat examined by your dealer or authorized Walker Bay service facility. Your dealer or authorized service center will facilitate the Warranty Claim process with Walker Bay. Before processing any warranty claim Walker Bay requires a completed Warranty Claim Form, copy of proof of purchase (Bill of Sale) and photographs illustrating damage and the condition of the product. Walker Bay endeavors to handle all issues in an expedient manner, so you can get back on the water.

What is Not Covered

The Walker Bay Limited Warranty, covers defects in materials and workmanship. This means that when you take delivery, that all the parts fit and are in proper condition and that they will continue to fit and operate as per the intended design so long as they not damaged by an outside force.

Walker Bay boats are designed and built for recreational purposes. They are not military or commercial products, so using them for that purpose means they won't be covered under our warranty.

The warranty does not cover the effects of ultraviolet light, fire, fall out, acid rain, hurricanes, tornados and other extreme forces of nature. The same is true for damage related to accidents or vandalism or abuse. Normal aging is not covered under a warranty. With age comes fading, discoloring and the need for maintenance – none of which is covered under warranty. Take care of your boat, the better you take care of it, the longer it will last. Covering a boat when not in use is always recommended. Keep the buoyancy tube away from sharp objects that could cause damage. When the boat is stored, make sure it properly supported without stressing the hull or collar.

Expenses related to removing or re-installing rigging, motor or accessories.

Warranty claims for equipment installed on Walker Bay boats (such as electronics or steering systems) that carry their own warranty provided by their respective manufacturer. These must be directed to the component's manufacturer.

Warranty claims are not covered if the boat is operated with an outboard motor exceeding the maximum horsepower rating.

Transferability

This warranty is transferable to another owner within one (1) year of original date of sale; provided that an original warranty registration is on file with Walker Bay.

We hope your Walker Bay boat will provide you with many years of enjoyment. If you have any questions, contact your local dealer or Walker Bay Customer Service at info@walkerbay.com.

! WARNING

CAREFULLY READ THE OWNERS SAFETY MANUAL BEFORE ASSEMBLING OR OPERATING YOUR BOAT.

PERSONAL FLOTATION DEVICES SAVE LIVES: WHENEVER USING A WALKER BAY BOAT OR ACCESSORY ON OR AROUND WATER, EACH PERSON USING THE PRODUCT MUST WEAR AN APPROPRIATE PERSONAL FLOTATION.
